

## TENDER DOCUMENTS

Cortus Energy AB and the related companies: Cortus Engineering AB, Cortus AB and Cortus Intressenter AB (hereafter referred to as "Cortus") were declared bankrupt on 19 March 2025 by the District Court of Solna. Ulf Andersen was appointed as the bankruptcy trustee of Cortus.

*Cortus “works for a greener future by replacing fossil fuels and raw materials with sustainable alternatives. With our unique pyrolyzing technology, we can adapt the quality and produce specially adapted biochar for soil improvement, water treatment and the steel industry, among other things.”* For further information see Cortus website, [Cortus | Green technology for a sustainable future](#).

The bankruptcy estates of Cortus are now offering the business conducted by the companies, including all assets. Please reach out to associate Oskar Eriksson ([oskar.eriksson@lmlaw.se](mailto:oskar.eriksson@lmlaw.se) or +46730728370) for further information.
