4. Försäljningsvillkor

Säljaren är ett konkursbo. Konkursboet lämnar inte några garantier gällande Bolagets verksamhet och de tillgångar och rättigheter som nu bjuds ut till försäljning. Konkursboet garanterar inte heller riktigheten eller fullständigheten av uppgifterna i anbudsunderlaget. Bolagets verksamhet och tillgångar överläts i befintligt skick och utan några som helst garantier från konkursboets sida. Det åligger köparen att genomföra erforderlig besiktning av egendomen i syfte att klarlägga egendomens omfattning och att upptäcka eventuella fel och brister.

En överlåtelse av Bolagets avtal förutsätter att Bolagets avtalsparter samtycker till överlåtelsen. Konkursboet lämnar inte heller några garantier i det avseendet.

Överlåtelsen innefattar inte några andra tillgångar eller rättigheter utöver de som framgår av punkt 3 ovan. Likvida medel, kundfordringar, depositioner och andra fordringar m.m. ingår inte i överlåtelsen.

För överlåtelsen ska ett särskilt överlåtelseavtal upprättas. Köparen ska omedelbart i samband med avtalets undertecknande kunna betala hela köpeskillingen till konkursboets bankkonto.

5. Anbudsförfarande

Den som önskar att lämna anbud på Bolagets verksamhet och tillgångar enligt punkt 3 ovan ska inkomma med skriftligt bud **senast fredagen den 11 september 2026 kl. 13.00**. Anbud ska skickas per e-post till konkursförvaltaren hedvig.marstad@lmlaw.se med kopia till marcus.skjutare@lmlaw.se

Anbudsgivaren ska i anbudet bekräfta att kontanta medel finns omedelbart tillgängliga för förvärvet eller, vid extern finansiering, skriftlig bekräftelse som visar att sådan finansiering är säkerställd. Anbudet får inte vara förenat med villkor.

Anbudet ska innehålla fullständiga kontaktuppgifter till anbudsgivaren inklusive organisationsnummer, kontaktperson, e-postadress och mobiltelefonnummer.

Konkursboet förbehåller sig fri prövningsrätt av mottagna anbud. Det högsta budet vid anbudstidens utgång kan komma att kommuniceras med övriga budgivare som i så fall kommer att beredas möjlighet att höja sitt bud inom en kortare tidsrymd som bestäms av konkursboet. Konkursboet förbehåller sig dock rätten att, när som helst och utan föregående kommunikation, sälja Bolagets verksamhet och tillgångar före anbudstidens utgång. Konkursboet förbehåller även rätten att avbryta anbudsförfarandet, att förlänga anbudstiden samt att löpande uppdatera och justera anbudsunderlaget.

Konkursboet kommer inte att uppge vilka som lagt bud under anbudsförfarandet.

CEO Perspective

Jonas Häggqvist, CEO — August 2026

"The Nordic beauty market is not broken — it is temporarily stressed. Industry research is clear: beauty is shifting from discretionary to everyday emotional consumption."

"Sweden remains the key to the entire Nordics — every major player knows it. But it is also the market where competitive behaviour is most irrational right now."

KEY OBSERVATIONS

■ Nordic beauty is coming back

We cannot optimise for a prolonged downturn — the category rebound is a matter of when, not if.

■ Norway is underestimated

A larger opportunity than the market currently prices — our presence there remains under-leveraged.

■ Sweden is the battleground

Competition will likely rationalise post-consolidation, creating a window for well-capitalised operators.

■ The next 12–24 months are decisive

A strategic window to take market share selectively while others remain capital-constrained.

Monthly order cycles → long OOS windows between replenishments

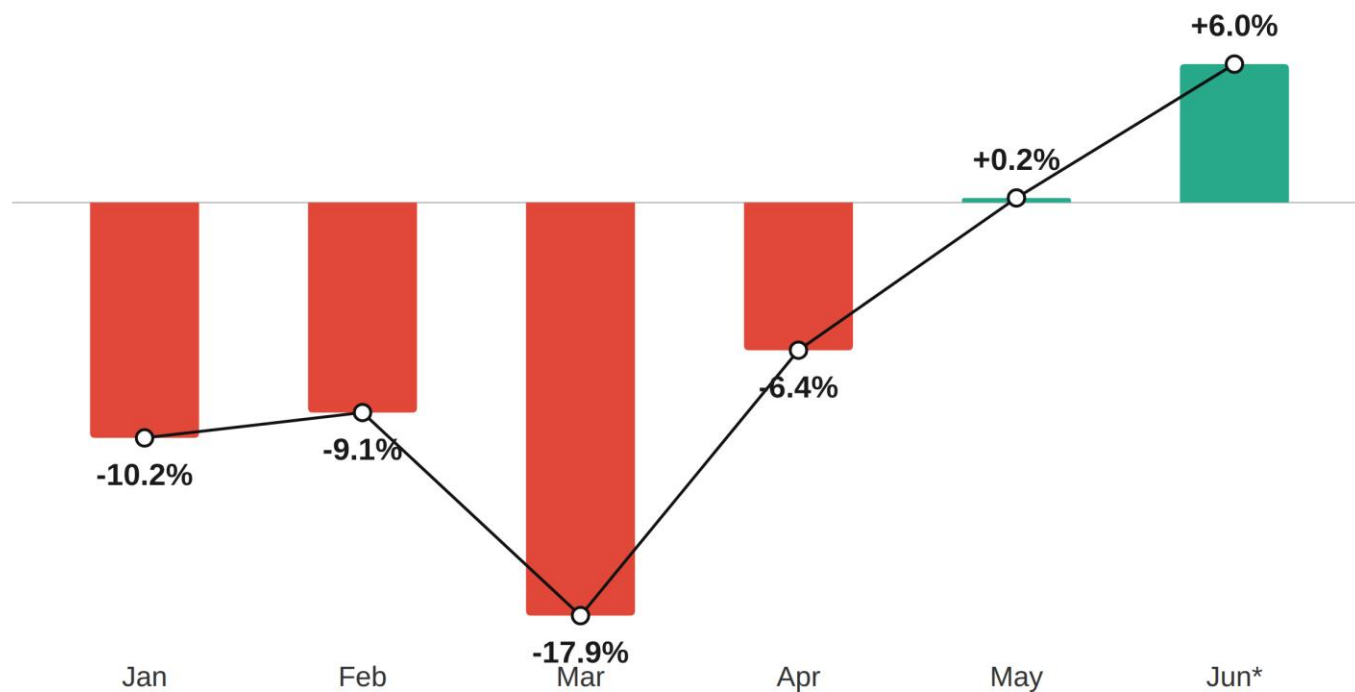

Constrained working capital forces bulk monthly orders. Adequate liquidity enables weekly reorder cycles, reducing average OOS windows from ~18 days to ~4 days per stockout event.

- March marked the trough at -17.9% YoY against strong prior-year comparatives.

Attractive Entry Point

Market leadership

The only fragrance specialist across the Nordics, deeply embedded with premium suppliers and brands

Established customers

670k reachable customers. Loyal, high-value and repeatedly proven to convert.

Proven operations

135+ live analytics measures, dynamic pricing — built over 19 years.

Organic growth

Revenue inflecting. June tracking +6% YoY. Availability and marketing are the levers.

Profitability path

EBITDA-positive track record 19/21 Years. Scale and restocking directly convert to margin expansion.

Value Creation Potential

The objective is not to rescue a challenged business — it is to unlock the full potential of an established market leader operating below capacity due to capital constraints.

Restock & recover lost revenue

~84% → 95% availability

Availability averaged 84% over the past year across the full assortment, with the gap to the 95% industry standard representing a direct, recoverable revenue opportunity.

Fund demand generation

+6% YoY in June

Revenue is already inflecting without incremental marketing spend. With proper investment in customer acquisition, the June run-rate confirms the platform responds — it just needs capital.

Scale the platform

HQ headcount: 15

A sub-scale team managing 500k customers and 17,500 SKUs across three markets is a bottleneck. Supplier co-funding (~10–12 MSEK/yr) can be deepened with a stronger balance sheet.

Unlock new growth avenues

1 Grow in Norway

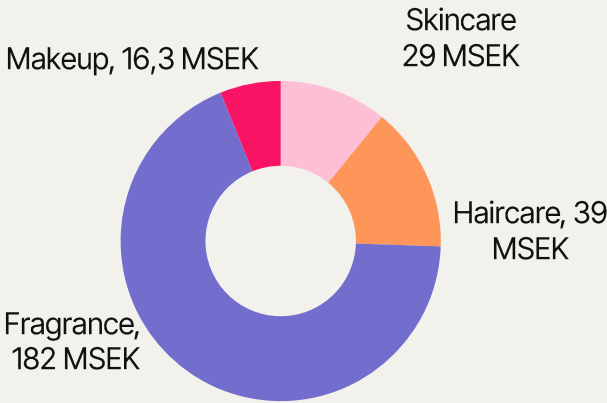

Largely untapped to date — the same platform and supplier base can be extended with limited incremental investment.

2 Build white-label capability

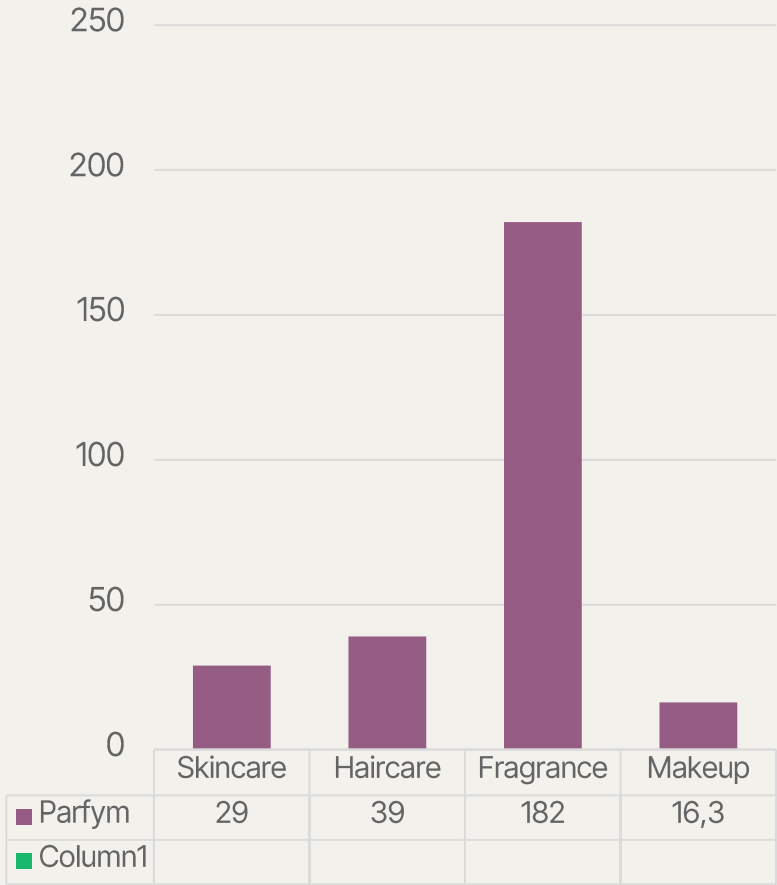

Develop or acquire private-label production to lift gross margin beyond the branded assortment.

Förvaltningsberättelse

Styrelsen för Parfym Sverige AB, 556705-2799, avger följande årsredovisning för räkenskapsåret 2024-09-01 - 2025-08-31.

Verksamheten

Verksamhetens art och inriktning

Parfym Sverige driver internetbutiker och fysisk retail-verksamhet som tillhandahåller skönhetsprodukter från välkända varumärken till konsumenter i Sverige, Finland och Norge. Bolaget har sitt säte i Stockholm.

Övriga viktiga förhållanden och väsentliga händelser

Bolaget har under året öppnat en butik i Stockholm och fortsatt investera i sin plattform. Vissa problem i leverantörskedjan har uppstått men framför allt har konkurrensen bidragit till den väsentligt sämre utvecklingen jämfört mot föregående år. Bolaget upplever att efterfrågan på det dyrare sortimentet har minskat och konsumenten sökt sig till ett mer prisvärt sortiment. Geografiskt har bolaget haft störst utmaningar på den finska marknaden.

Bolaget påbörjade ett sammangående som inte slutfördes efter räkenskapsårets slut, detta innebar att bolagets planerade refinansiering fördröjdes och genomfördes under mars 2026. Bolaget har även genomfört ett besparingsprogram som sänker både rörliga och fasta kostnader. Utefter genomförd refinansiering samt besparingspaket bedömer styrelsen att förutsättningar för fortsatt drift fortsatt föreligger.

Förväntad framtida utveckling samt väsentliga risker och osäkerhetsfaktorer

Väsentliga risker och osäkerhetsfaktorer
Rådande konjunkturläge riskerar att påverka konsumenternas köpkraft negativt och utgör tillsammans med generellt ökad konkurrens och ökad prispress i branschen en återkommande osäkerhetsfaktor.

Resultatutvecklingen under inledningen av räkenskapsåret 25/26 har legat under nivån för 24/25, styrelsen gör bedömningen att den prognos som ligger för resterande del av räkenskapsåret 25/26 är rimlig givet genomförda besparingar men att den utgör en osäkerhetsfaktor.

Filialer i utlandet

Bolagets filial i Norge har fortsatt växa i linje med förväntan.

Not 1 Redovisnings- och värderingsprinciper

Redovisnings- och värderingsprinciper

Allmänna redovisningsprinciper

Årsredovisningen har upprättats i enlighet med årsredovisningslagen och Bokföringsnämndens allmänna råd BFAR 2012:1 Årsredovisning och koncernredovisning (K3).

Värderingsprinciper m m

Tillgångar, avsättningar och skulder har värderats utifrån anskaffningsvärden om inget annat anges nedan.

Immateriella anläggningstillgångar

Övriga immateriella anläggningstillgångar

Övriga immateriella tillgångar som förvärvats av företaget är redovisade till anskaffningsvärde minus ackumulerade avskrivningar och nedskrivningar. Utgifter för internt genererad goodwill och varumärken redovisas i resultaträkningen som kostnad då de uppkommer.

Avskrivning

Avskrivning sker linjärt över tillgångens beräknade nyttjandeperiod. Avskrivningen redovisas som kostnad i resultaträkningen.

immateriella anläggningstillgångar

	Procent	År
Balanserade utgifter för utvecklingsarbeten och liknande arbeten	20	5

Materiella anläggningstillgångar

Materiella anläggningstillgångar

Materiella anläggningstillgångar redovisas till anskaffningsvärde minskat med ackumulerade avskrivningar och nedskrivningar. I anskaffningsvärdet ingår förutom inköpspriset även utgifter som är direkt hänförliga till förvärvet.

Avskrivning

Avskrivning sker linjärt över tillgångens beräknade nyttjandeperiod eftersom det återspeglar den förväntade förbrukningen av tillgångens framtida ekonomiska fördelar. Avskrivningen redovisas som kostnad i resultaträkningen. Följande nyttjandeperioder används:

	Procent	År
Inventarier, verktyg och installationer	20	5

	Procent	År
Förbättringsutgifter på annans fastighet	20	5

Leasing

Leasetagare

2026040111243

Alla leasingavtal redovisas som operationella leasingavtal.

Operationella leasingavtal

Leasingavgifterna enligt operationella leasingavtal, inklusive förhöjd förstagångshyra men exklusive utgifter för tjänster som försäkring och underhåll, redovisas som kostnad linjärt över leasingperioden.

Utländsk valuta

Utländsk valuta

Poster i utländsk valuta

Monetära poster i utländsk valuta räknas om till balansdagens kurs. Icke-monetära poster räknas inte om utan redovisas till kursen vid anskaffningstillfället.

Varulager

Varulagret är upptaget till det lägsta av anskaffningsvärdet och nettoförsäljningsvärdet. Därvid har inkursrisk beaktats. Anskaffningsvärdet beräknas enligt först in- först ut- principen.

Avsättningar

Bolaget redovisar en avsättning avseende skulder till bolagets kunder för intjänad rabatt via bolagets lojalitetsprogram. Avsättningen tas upp till anskaffningsvärde och återförs när rabatten utnyttjas eller förfaller.

Ersättningar till anställda

Ersättningar till anställda efter avslutad anställning

Klassificering

Planer för ersättningar efter avslutad anställning klassificeras som avgiftsbestämda.

Vid avgiftsbestämda pensionsplaner betalas fastställda avgifter till ett annat företag, normalt ett försäkringsföretag, och har inte längre någon förpliktelse till den anställda när avgiften är betald. Storleken på den anställdes ersättningar efter avslutad anställning är beroende av de avgifter som har betalats och den kapitalavkastning som avgifterna ger.

Avgiftsbestämda planer

Avgifterna för avgiftsbestämda planer redovisas som kostnad. Obetalda avgifter redovisas som skuld.

Skatter

Skatt på årets resultat i resultaträkningen består av aktuell skatt. Aktuell skatt är inkomstskatt för innevarande räkenskapsår som avser årets skattepliktiga resultat och den del av tidigare räkenskapsårs inkomstskatt som ännu inte har redovisats.

Intäkter

Försäljning av varor och tjänster

Det inflöde av ekonomiska fördelar som företaget erhållit eller kommer att erhålla för egen räkning redovisas som intäkt. Intäkter värderas till verkliga värdet av det som erhållits eller kommer att erhållas, med avdrag för rabatter.

Vid försäljning av varor redovisas intäkten vid leverans.

Koncernbidrag och aktieägartillskott

Redovisning av koncernbidrag sker enligt enligt 35 kap. inkomstskattelagen (1999:1229).

Koncernbidrag som erhållits/lämnats redovisas som en bokslutsdisposition i resultaträkningen. Det

erhållna/lämnade koncernbidraget har påverkat företagets aktuella skatt

Finansiella instrument

Finansiella instrument värderas i enlighet med kapital 11 i BFNAR 2012:1 utifrån anskaffningsvärdet. Instrumentet redovisas i balansräkningen när bolaget blir part i instrumentets avtalsmässiga villkor. Finansiella tillgångar tas bort från balansräkningen när rätten att erhålla kassaflöden från instrumentet har löpt ut eller överförs och bolaget har överfört i stort sett alla risker och förmåner som är förknippade med äganderätten. Finansiella skulder tas bort från balansräkningen när förpliktelse har reglerats eller på annat sätt upphört.

Kundfordringar/kortfristiga fordringar

Kundfordringar och kortfristiga fordringar redovisas som omsättningstillgångar till det belopp som förväntas bli inbetalt efter avdrag för individuellt bedömda osäkra fordringar.

Kvittnings av finansiell fordran och finansiell skuld

En finansiell tillgång och en finansiell skuld kvittas och redovisas med ett nettobelopp i balansräkningen endast då legal kvittningsrätt föreligger samt då en reglering med ett nettobelopp avses ske eller då en samtida avyttring av tillgången och reglering av skulden avses ske.

Not 2 Uppskattningar och bedömningar

Upprättande av bokslut och årsredovisning baseras ofta på ledningens bedömningar och antaganden som bedöms rimliga vid tillfället för upprättandet. Uppskattningar och bedömningar baseras på historiska erfarenheter och ett antal andra faktorer som under de givna omständigheterna bedöms som rimliga. Resultatet av dessa används för att bedöma de redovisade värdena på tillgångar och skulder som inte annars framgår av andra källor. Det faktiska utfallet kan avvika från dessa uppskattningar och bedömningar. Uppskattningar och bedömningar ses över regelbundet.

De uppskattningar och bedömningar som innebär en betydande risk för väsentliga justeringar i redovisade värden behandlas i huvuddrag nedan.

Lager

Bolagets värdering av dess varulager bygger på antagandet om att det finns en efterfrågan på varorna. Produkterna är delvis mode- och säsongsberoende och det finns risk för att pris på dessa behöver sättas ned eller att produkterna måste kasseras. Inkuranta varor kasseras löpande och ett årligt inkuransavdrag genomförs utefter bolagets bästa bedömning. Felaktiga uppskattningar och bedömningar kan ha en väsentlig påverkan på bolagets redovisade resultat och ställning.

Balanserade utgifter

Bolagets värdering av balanserade utgifter baseras på antagandet om att bolagets plattform fortsatt kommer att vara relevant. Felaktig uppskattning kan ha en väsentlig påverkan på bolagets resultat och ställning.

Not 27 Väsentliga händelser efter räkenskapsårets slut

Bolaget påbörjade ett sammangående som inte slutfördes, detta innebar att bolagets planerade refinansiering fördröjdes och genomfördes under mars 2026. Bolaget har även genomfört ett besparingsprogram som sänker både rörliga och fasta kostnader. Utefter genomförd refinansiering samt besparingspaket bedömer styrelsen att förutsättningar för fortsatt drift fortsatt föreligger.

Den hårda priskonkurrens och prispress bolaget upplevt har fortsatt in i det nya räkenskapsåret.

Till bolagsstämman i Parfym Sverige AB, org.nr 556705-2799

Rapport om årsredovisningen

Uttalanden

Vi har utfört en revision av årsredovisningen för Parfym Sverige AB för räkenskapsåret 2024-09-01 - 2025-08-31. Vi är oberoende i förhållande till Parfym Sverige AB enligt god revisorssed i Sverige och har i övrigt fullgjort vårt yrkesetiska ansvar enligt dessa krav.

Vi anser att de revisionsbevis vi har inhämtat är tillräckliga och ändamålsenliga som grund för våra uttalanden.

Styrelsens och verkställande direktörens ansvar

Det är styrelsen och verkställande direktören som har ansvaret för att årsredovisningen upprättas och att den ger en rättvisande bild enligt årsredovisningslagen. Styrelsen och verkställande direktören ansvarar även för den interna kontroll som de bedömer är nödvändig för att upprätta en årsredovisning som inte innehåller några väsentliga felaktigheter, vare sig dessa beror på oegentligheter eller misstag.

Vid upprättandet av årsredovisningen ansvarar styrelsen och verkställande direktören för bedömningen av bolagets förmåga att fortsätta verksamheten. De upplyser, när så är tillämpligt, om förhållanden som kan påverka förmågan att fortsätta verksamheten och att använda antagandet om fortsatt drift. Antagandet om fortsatt drift tillämpas dock inte om styrelsen och verkställande direktören avser att likvidera bolaget, upphöra med verksamheten eller inte har något realistiskt alternativ till att göra något av detta.

Revisorns ansvar

Våra mål är att uppnå en rimlig grad av säkerhet om huruvida årsredovisningen som helhet inte innehåller några väsentliga felaktigheter, vare sig dessa beror på oegentligheter eller misstag, och att lämna en revisionsberättelse som innehåller våra uttalanden. Rimlig säkerhet är en hög grad av säkerhet, men är ingen garanti för att en revision som utförs enligt ISA och god revisionssed i Sverige alltid kommer att upptäcka en väsentlig felaktighet om en sådan finns. Felaktigheter kan uppstå på grund av oegentligheter eller misstag och anses vara väsentliga om de enskilt eller tillsammans rimligen kan förväntas påverka de ekonomiska beslut som användare fattar med grund i årsredovisningen.

En ytterligare beskrivning av vårt ansvar för revisionen av årsredovisningen finns på Revisorsinspektionens webbplats: www.revisorsinspektionen.se/revisornsansvar. Denna beskrivning är en del av revisionsberättelsen.

Rapport om andra krav enligt lagar och andra författningar

Uttalanden

Utöver vår revision av årsredovisningen har vi även utfört en revision av styrelsens och verkställande direktörens förvaltning för Parfym Sverige AB för räkenskapsåret 2024-09-01 - 2025-08-31 samt av förslaget till dispositioner beträffande bolagets vinst eller förlust.

Vi tillstyrker att bolagsstämman disponerar vinsten enligt förslaget i förvaltningsberättelsen och beviljar styrelsens ledamöter och verkställande direktören ansvarsfrihet för räkenskapsåret.

Grund för uttalanden

Vi har utfört revisionen enligt god revisionssed i Sverige. Vårt ansvar enligt denna beskrivs närmare i avsnittet *Revisorns ansvar*. Vi är oberoende i förhållande till Parfym Sverige AB enligt god revisorssed i Sverige och har i övrigt fullgjort vårt yrkesetiska ansvar enligt dessa krav.

Vi anser att de revisionsbevis vi har inhämtat är tillräckliga och ändamålsenliga som grund för våra uttalanden.

Styrelsens och verkställande direktörens ansvar

Det är styrelsen som har ansvaret för förslaget till dispositioner beträffande bolagets vinst eller förlust. Vid förslag till utdelning innefattar detta bland annat en bedömning av om utdelningen är försvarlig med hänsyn till de krav som bolagets verksamhetsart, omfattning och risker ställer på storleken av bolagets egna kapital, konsolideringsbehov, likviditet och ställning i övrigt.

Styrelsen ansvarar för bolagets organisation och förvaltningen av bolagets angelägenheter. Detta innefattar bland annat att fortlöpande bedöma bolagets ekonomiska situation och att tillse att bolagets organisation är utformad så att bokföringen, medelsförvaltningen och bolagets ekonomiska angelägenheter i övrigt kontrolleras på ett betryggande sätt. Verkställande direktören ska sköta den löpande förvaltningen enligt styrelsens riktlinjer och anvisningar och bland annat vidta de åtgärder som är nödvändiga för att bolagets bokföring ska fullgöras i överensstämmelse med lag och för att medelsförvaltningen ska skötas på ett betryggande sätt.

Revisorns ansvar

Vårt mål beträffande revisionen av förvaltningen, och därmed vårt uttalande om ansvarsfrihet, är att inhämta revisionsbevis för att med en rimlig grad av säkerhet kunna bedöma om någon styrelseledamot eller verkställande direktören i något väsentligt avseende:

- företagit någon åtgärd eller gjort sig skyldig till någon försummelse som kan föranleda ersättningsskyldighet mot bolaget, eller
- på något annat sätt handlat i strid med aktiebolagslagen, årsredovisningslagen eller bolagsordningen.

Vårt mål beträffande revisionen av förslaget till dispositioner av bolagets vinst eller förlust, och därmed vårt uttalande om detta, är att med rimlig grad av säkerhet bedöma om förslaget är förenligt med aktiebolagslagen.

Rimlig säkerhet är en hög grad av säkerhet, men ingen garanti för att en revision som utförs enligt god revisionssed i Sverige alltid kommer att upptäcka åtgärder eller försummelser som kan föranleda ersättningsskyldighet mot bolaget, eller att ett förslag till dispositioner av bolagets vinst eller förlust inte är förenligt med aktiebolagslagen.

En ytterligare beskrivning av vårt ansvar för revisionen av förvaltningen finns på Revisorsinspektionens webbplats:

www.revisorsinspektionen.se/rn/showdocument/documents/rev_dok/revisors_ansvar.pdf. Denna beskrivning är en del av revisionsberättelsen.

Anmärkning

Årsredovisningen har inte upprättats i sådan tid att det varit möjligt att, enligt 7 kap. 10 § aktiebolagslagen, hålla årsstämma inom sex månader efter räkenskapsårets utgång.
